1. The following is an examiner's statement of reasons for allowance: With respect to the requirement for the requirement for a Substitute Oath or Declaration, see again page 10 of the 3-7-06 response, fifth full paragraph, paragraph 3 of the 12-7-05 Office Action and Paper No. 24 of the parent application, 09/220,889. The substitute specification filed 3-7-06 has been entered and the new sheet of drawings filed 3-7-06, Figure 5, as well as originally filed Figures 1-4 have been approved by the Examiner and the Draftsman. See paragraphs 7, 18 and 23-24 of the 3-7-06 specification. The terminology "bonded" is interpreted as set forth in the 12-7-05 Office Action, paragraph 8. Also the innermost and outermost elastic members in the ninth and eighth full sections of claim 8 are interpreted to be the same as those in the last two sections of claim 8. This also applies to similar language in claim 10. The prior art references, alone or in any combination, do not teach the combination of the extension stresses of the elastic members claimed in the last two sections of claim 8 or the last section of claim 10 in combination with the other features claimed in claims 8 and 10, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 1-5, 7 and 9 were previously cancelled.
3. Claims 6, 8 and 10 are allowed.
